

Cargill Product Safety, Quality and Regulatory Policy

Cargill is committed to providing safe, quality products. We will operate using systems, processes, standards, and requirements that ensure the safety, quality, authenticity, statutory and regulatory compliance of our products and services. We will communicate relevant product safety and quality matters both internally and externally. We will adhere to those requirements we have mutually agreed to with our customers. Every Cargill employee has a responsibility to ensure the production of safe, quality products that comply with the applicable laws and regulations and meet certification and Cargill global minimum requirements. Cargill management will provide the resources and support necessary to enable our employees to fulfill this policy and continually improve our Quality Management programs and processes.

Brian Sikes
President and Chief Executive Officer

Sean Leighton
Vice President,
Cargill Food Safety, Quality &
Regulatory

Effective January 1st, 2023
